2027 MOU reallocation, dollar for dollar: coverage, 15 countries (no model changes)

Generated by `audit/reallocation/run_dollar_realloc_2027.py` from `allocations_2027_v2.csv`. Each country's change in its 2027 MOU amount is taken at face value as a change in US direct aid (US$1 of MOU = US$1 of aid): no cut fraction, no `mou_us_ref` leverage, no 0% floor. Money above the Original MOU amount first restores the services the Original MOU cut and then raises coverage above the 2021-23 baseline. Dollars become people on each service through the model's own conversion for each country (people kept and deaths averted per US$1M of aid, from the marginal run in `marginal_2027_v2.csv`), extrapolated at the same rate beyond the Original MOU's level and capped at 100% of need. Same model run as the main report: America First MOUs, US bilateral schedule only, dashboard defaults, central parameters.

1. Money

Scenario	2027 MOU total (US$)	Change vs Original (US$)	Moved between countries (US$M)
Original MOU	2,469,904,824.00	+0.00	0.00
Low Ceiling	2,469,904,823.99	-0.01	44.55
Base Ceiling	2,469,904,824.00	+0.00	89.09
Higher Ceiling	2,469,904,823.99	-0.01	133.64

Aid is therefore unchanged in total in every ceiling: what one country gains another loses, dollar for dollar.

2. Totals: change in people on each service in 2027 vs the Original MOU

Positive = more people keep (or gain) the service. Coverage change is people / people in need across the 15 countries, in percentage points.

Service	Original MOU: people losing it in 2027	Low Ceiling Δ people	Low Ceiling Δ pp	Base Ceiling Δ people	Base Ceiling Δ pp	Higher Ceiling Δ people	Higher Ceiling Δ pp
ART	455,448	+2,767	+0.02	+1,528	+0.01	-19,180	-0.17
PMTCT	9,440	+1,314	+0.34	+2,469	+0.64	+3,268	+0.85
TB treatment	7,752	+1,141	+0.09	+1,611	+0.13	-337	-0.03
Bednets	5,595,288	-964,144	-0.16	-1,701,781	-0.29	-2,463,453	-0.42
Spraying	464,390	+4,966	+0.00	+27,007	+0.00	+81,485	+0.01
Malaria treatment	382,000	-38,308	-0.03	-62,671	-0.04	-63,993	-0.05
Vaccines	9,491	-398	-0.00	+250	+0.00	-2,144	-0.01
All six services	6,914,369	-993,977		-1,734,057		-2,467,621	

Scenario	Deaths averted 2026-30 (linear approximation)	HIV infections averted 2026-30
Low Ceiling	+321	+4,875
Base Ceiling	+385	+10,193
Higher Ceiling	-1,743	+10,392

Deaths are secondary here: they apply each country's deaths-averted-per-dollar at the Original MOU's level to the whole change, including money above the baseline.

3. By country

Low Ceiling (countries whose amount changes)

Country	Δ US$M	Δ people on the six services	Δ ART patients	ART coverage 2027: Original → new	Δ bednet users	Bednet use 2027: Original → new	Δ TB courses	Deaths averted 2026-30 (approx.)
Burundi	+1.53	+27,061	+1,462	81.3% → 83.1%	+22,009	39.4% → 39.5%	+0	+88
Cameroon	-3.30	-131,016	-7,265	66.3% → 65.0%	-117,999	45.9% → 45.5%	-30	-437

Country	Δ US$M	Δ people on the six services	Δ ART patients	ART coverage 2027: Original → new	Δ bednet users	Bednet use 2027: Original → new	Δ TB courses	Deaths averted 2026-30 (approx.)
Kenya	-19.41	-319,162	-27,485	90.0% → 88.2%	-264,101	43.4% → 42.9%	-485	-1,724
Mozambique	+43.02	+439,952	+80,717	80.8% → 84.0%	+284,300	42.4% → 43.2%	+3,546	+6,293
Nigeria	-21.83	-1,010,812	-44,662	75.0% → 72.8%	-888,353	27.4% → 27.0%	-1,890	-3,898

Base Ceiling (countries whose amount changes)

Country	Δ US$M	Δ people on the six services	Δ ART patients	ART coverage 2027: Original → new	Δ bednet users	Bednet use 2027: Original → new	Δ TB courses	Deaths averted 2026-30 (approx.)
Burundi	+1.53	+27,061	+1,462	81.3% → 83.1%	+22,009	39.4% → 39.5%	+0	+88

Kenya	-38.83	-638,325	-54,970	90.0% → 86.3%	-528,202	43.4% → 42.4%	-969	-3,449
Lesotho	+2.78	+5,722	+5,664	79.5% → 81.8%	+38	50.0% → 50.0%	+6	+322
Mozambique	+77.31	+790,622	+145,053	80.8% → 86.6%	+510,905	42.4% → 43.9%	+6,373	+11,309
Nigeria	-43.67	-2,021,624	-89,324	75.0% → 70.5%	-1,776,707	27.4% → 26.6%	-3,781	-7,796
Sierra Leone	+3.63	+301,572	+3,093	79.6% → 83.0%	+262,147	79.2% → 82.2%	+3	+446
Uganda	+3.85	+62,946	+5,080	82.4% → 82.8%	+44,026	66.8% → 66.9%	+40	+340

Higher Ceiling (countries whose amount changes)

Country	Δ US$M	Δ people on the six services	Δ ART patients	ART coverage 2027: Original → new	Δ bednet users	Bednet use 2027: Original → new	Δ TB courses	Deaths averted 2026-30 (approx.)
Burundi	+1.53	+27,061	+1,462	81.3% → 83.1%	+22,009	39.4% → 39.5%	+0	+88
Cameroon	-9.89	-393,048	-21,795	66.3% → 62.3%	-353,997	45.9% → 44.7%	-91	-1,312
Kenya	-58.24	-957,487	-82,455	90.0% → 84.5%	-792,303	43.4% → 42.0%	-1,454	-5,173
Lesotho	+2.78	+5,722	+5,664	79.5% → 81.8%	+38	50.0% → 50.0%	+6	+322
Mozambique	+77.31	+790,622	+145,053	80.8% → 86.6%	+510,905	42.4% → 43.9%	+6,373	+11,309
Nigeria	-65.50	-3,032,436	-133,986	75.0% → 68.3%	-2,665,060	27.4% → 26.3%	-5,671	-11,694
Sierra Leone	+3.63	+301,572	+3,093	79.6% → 83.0%	+262,147	79.2% → 82.2%	+3	+446
Uganda	+48.40	+790,372	+63,784	82.4% → 86.5%	+552,808	66.8% → 67.9%	+497	+4,272

4. Coverage above the 2021-23 baseline

Countries whose new amount more than restores what the Original MOU cut: coverage in 2027 ends above its 2021-23 level (percentage points above baseline, by service).

Scenario	Country	Δ US$M	ART (baseline → new)	PMTCT (baseline → new)	TB treatment (baseline → new)	Bednets (baseline → new)	Spraying (baseline → new)	Malaria treatment (baseline → new)	Vaccines (baseline → new)
Low Ceiling	Mozambique	+43.02	83.7% → 84.0%	89.8% → 90.0%	83.4% → 83.7%	43.2% → 43.2%	10.4% → 10.5%	53.4% → 53.4%	70.0% → 70.0%
Base Ceiling	Mozambique	+77.31	83.7% → 86.6%	89.8% → 91.7%	83.4% → 85.9%	43.2% → 43.9%	10.4% → 10.6%	53.4% → 53.6%	70.0% → 70.1%
Higher Ceiling	Mozambique	+77.31	83.7% → 86.6%	89.8% → 91.7%	83.4% → 85.9%	43.2% → 43.9%	10.4% → 10.6%	53.4% → 53.6%	70.0% → 70.1%
Higher Ceiling	Uganda	+48.40	85.2% → 86.5%		89.7% → 89.9%	67.5% → 67.9%	8.9% → 9.0%	71.6% → 71.8%	

Services where the gain is limited by 100% of need: Higher Ceiling Uganda PMTCT.

5. Conversion used (per US$1M of aid, Original MOU level)

Country	ART	PMTCT	TB courses	Bednets	Spraying	Malaria Rx	Vaccines	Deaths averted 2026-30
Botswana	1,516	11	0	7	1	0	0	153.6
Burundi	958	25	0	14,416	1,695	652	4	57.6
Cameroon	2,203	19	9	35,782	534	1,176	25	132.6
Eswatini	2,023	29	11	9	2	0	0	113.0
Ethiopia	965	4	111	19,637	3,464	3,003	83	154.7
Kenya	1,416	54	25	13,603	486	886	23	88.8
Lesotho	2,041	44	2	14	4	1	0	115.9
Liberia	337	4	1	41,010	1,376	1,542	72	52.6
Madagascar	0	0	1	80,465	7,136	8,634	18	98.0
Malawi	2,130	26	4	12,116	955	1,246	7	119.0
Mozambique	1,876	62	82	6,609	1,082	527	51	146.3
Nigeria	2,045	13	87	40,686	1,511	1,872	94	178.5
Rwanda	1,301	18	0	27,113	3,794	906	11	144.9
Sierra Leone	853	0	1	72,272	5,670	3,939	407	123.1
Uganda	1,318	77	10	11,421	2,215	1,361	4	88.3

Not every aid dollar reaches one of these services: part goes to HIV testing and care, programme management, systems and other lines the model counts as money lost but not as people (shares in the main report, table 5b).
